Speaking Life Over Gen Z

Dear Friends,

You have most likely heard the term Generation Z, commonly called Gen Z. Born between 1999 and 2015, this group of young people is the primary focus of Youth Dynamics. Referenced often as screenagers, they have grown up in front of screens and find their worldview and identity shaped accordingly.

COVID-19 has not helped, and now kids spend more time in front of screens than ever – some research indicates as much as 10 hours a day! I have four kids, three of whom are Gen Zers, and I can personally relate to the challenge parents face in mitigating screen time – online school, video games, Netflix, Instagram, TikTok, it goes on and on! I am not suggesting all of this is harmful; however, we cannot deny the overwhelming influence it has on our kids - thousands of messages and pictures consume them daily, and many are negative.

What are some of the negative messages influencing the identity of today's children? Not lovable. Not good enough. Not beautiful enough. Not popular. Never will be. Not smart enough. The world is not safe. Actions do not have consequences.

At Youth Dynamics, we speak a different message, a Christ-centered identity.

- You are wonderfully made (Psalm 139:14).
- You are forgiven in Christ (Romans 8:1).
- You are a new creation (2 Corinthians 5:17).

- Do not let your hearts be troubled (John 14:1).
- Be strong and courageous, do not be afraid (Joshua 1:9).
- Jesus is with you always (Matthew 28:20).
- Nothing can separate you from God's love (Romans 8:39).
- You are God's workmanship; your purpose is to walk in the good works prepared for you (Ephesians 2:10).

I am so grateful for your partnership! Through your prayers and financial giving, Gen Z hears these messages, discovers life in Christ, and walks in a new identity! As one student said recently, "Because of Youth Dynamics, I changed the way I look at life, the relationships around me, and most importantly, the relationship with my Creator."

Warmly in Christ,

Tom Davis
President

P.S. Please know we feel your love and support daily. It fuels all we do. Thank you.

REFLECTIONS 

God's provision in uncertain times.

In 2020 we had seven new permanent staff become fully funded and start in their ministry positions.

Most of these staff did the majority of their fundraising during COVID-19.

For context; in 2019, we had four permanent staff get fully funded, and in 2018 we had five.

Praise God for providing all these new workers to His harvest field as well as for their generous supporters!

Ripple Effect

Cory*, a high school student, signed up for our Life and Leadership Training internship in the fall of 2019.

Nine months later, Cory arrived in Horseshoe Bend, Idaho, his internship 100% paid for by generous donations from people in his community. Through all six weeks of his internship, Cory engaged well, growing in ability and spiritual maturity. There were hard moments, no doubt, but in the end, everyone saw growth in him. After Cory returned home, his

Cory leading a challenge course activity.

mother sent an email describing what she saw in her son since the internship.

"I believe that this past summer was a time of discovery for Cory. As you know, he is on the cusp of manhood, and I think this summer was critical in forming who Cory will be as an adult. He shared at that last [farewell] dinner that he would follow Christ no matter what. Really, a mama can't hear any sweeter words. The spiritual identity exercise challenged Cory to see who he is in Christ by thinking about the scriptures and Bible stories he gravitates to... Cory himself shared about how he was challenged to share his faith while rafting down the river. I believe that the ripple effect of this past summer will be felt for years to come."

Finding Hope and Community

While a freshman in high school, Bethany* was invited by a fellow student to attend Youth Dynamics. She continued to return every week. That winter, she attended a Youth Dynamics retreat at Stonewater in Leavenworth, WA. During her time at the retreat, the worship music impacted her powerfully. The influence of the songs made her question some of the choices she was making in her life. She wanted to make changes but knew she couldn't do it on her own.

The following week, she began sharing with others what had transformed in her heart at the winter retreat. An adult volunteer and staff member sat down with Bethany to pray with her as she committed her life to Jesus.

Bethany continued to attend Youth Dynamics throughout high school, growing in her relationship with Jesus and staff members.

After graduating high school, she became a student leader herself. For two years, she helped other students who came to Youth Dynamics. "I stayed for the students because I know how important Youth Dynamics has been in my life."

She is now an adult volunteer who comes to help when she is not working full-time. The students at Youth Dynamics respect and trust Bethany.

"Youth Dynamics has taught me how to be a leader, how to make good decisions, and how to help people." - Bethany

A Hershey Bar

Life is hard in the midst of a pandemic; this is especially true for students. When the schools were shut down last spring, most of our students lost their routines very quickly. Torn from friends, school, sports, church, and so much more led to a decline in many student's mental health.

One student, Audrey*, was no exception. A great student with a caring family, she has involved herself in many leadership activities. When the stay-at-home order was issued, Audrey was affected in many ways.

One day on a Zoom call, I asked Audrey how she was doing as our team checked in with all the students. Her response was, "I'm not okay."

I asked what she meant, and she wasn't sure how to explain. She went on to share her feelings of loneliness and isolation, confusion, and anger. We knew we needed to keep Audrey and other students actively engaged, so we got creative.

Our team worked hard at learning to conduct online games and host Zoom calls to check in regularly.

We created a socially distant scavenger hunt on Instagram that had prizes for the winner, and Audrey won! I asked what she wanted, and she said, "A Hershey's Bar." A plain, regular, old-fashioned, milk chocolate Hershey Bar.

I delivered the Hershey bar to Audrey, and we talked in the driveway for a long time. We laughed together, and there was joy on Audrey's face. She said, "This is the best thing that has happened to me in a long time."

As I handed Audrey that Hershey bar and her face lit up, I remembered why I do what I do. For those moments, those places where things feel so lost and helpless, it's the small things that change perspective.

It reminded me of Jesus and the simple things that change peoples' lives. How many smiles and moments of connection change lives? We often don't realize the impact we make by a simple gesture, but we are Jesus with skin on, even with a candy bar.
